

Healing Hunger. Strengthening Our Future.

Searching for Solutions

Operation Food Search provides immediate food assistance to children and families, serving 200,000 people each month. We also work to address the underlying causes of hunger that impact their ability to put food on the table.

Hunger is a serious problem in the bi-state region, but it is solvable. With the help of our partners, volunteers and donors, we're working together to build a healthy and vibrant community.
